

Publications

Contributed by Francesco Mondada
 Monday, 08 June 2009
 Last Updated Wednesday, 18 August 2010

The reference publication on the e-puck robot is:

Mondada, F., Bonani, M., Raemy, X., Pugh, J., Cianci, C., Klapotocz, A., Magnenat, S., Zufferey, J.-C., Floreano, D. and Martinoli, A. (2009) The e-puck, a Robot Designed for Education in Engineering. Proceedings of the 9th Conference on Autonomous Robot Systems and Competitions, 1(1) pp. 59-65.

Publications that mention the e-puck robot (alphabetical order by first author) are listed below. If you have a publication using the e-puck and not listed here please send the bibtex information to Francesco Mondada.

[1] Wenguo Liu and Alan FT Winfield. Open-hardware e-puck linux extension board for experimental swarm robotics research. *Microprocessors and Microsystems*, In Press, Accepted Manuscript-, 2010. [DOI | http]
